EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the title, delete

"and process for production thereof as well as probe used therefor"

↓
Cancel claims 5-23 (treated as being elected without traverse per item 1 of the Office Action mailed September 10, 2003).

Allowable Subject Matter

2. Claims 1, 2, 3 and 4 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Applicant's claimed three-dimensional photonic crystal can be distinguished from prior art by 1) crystal plates being positioned and laminated by stacking so as to obtain a periodic structure with the plates each being provided with a two-dimensional photonic crystal having a periodic structure aligned in striped form, wherein the two-dimensional photonic crystals are rotated at 90° to each other (e.g. claim 1), and/or 2) crystal plates having through holes and positioning members, the positioning members positioning the crystal plates in combination with the through holes (e.g. claims 2-4).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

US 6,465,742 to Hiraoka et al. discloses a three dimensional photonic crystal, but does not disclose, for example, positioning members with through holes, or periodic structures in striped form rotated at 90° to each other.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Evan Pert whose telephone number is 571-272-1969. The examiner can normally be reached on M-F (7:30AM-3:30 PM).
